Guidelines for Poster Submission for GeoMundus 2011

Content

- Full title of the abstract corresponding to the poster
- Names of authors and involved agencies, companies or (educational) institutions
- Max 1000 words
- Brief text, well organized, present only brief results that support your conclusions
- Show the significance of you research
- In general, include:
    - o Hypothesis
    - o Methods
    - o Results
    - o Conclusions
    - o Sources / literature used
    - o Acknowledgements

Design

- Dimensions: 1.20m x 0.90m (approx. 4' x 3')
- Arrangement: Clear, simple and uncluttered arrangement (use rulers / grid)
- Lettering: Title 8cm in height

    Authors' names and affiliations somewhat smaller

    Everything should be readable from a distance of 1.5m – 2m (5' – 7')

    Use a simple and clear font type
- When using colours, make sure to have high contrast
- Use simple and eye catching illustrations; if possible convert tables to clear and simple graphs

A good reference example for further tips is available online @
